Our Vocational Nurse Program provides didactic and laboratory training as well as a clinical component that correlates with the theoretical knowledge. Upon successful completion of the program, students will be prepared to sit for the state licensing exam. Once students pass this exam, they will be able to work as Licensed Vocational Nurses in hospitals or medical clinics.

Our Program Curriculum provides students with the technical, clinical, and interpersonal skills necessary to succeed in this field. Subjects covered include Anatomy, Medical Terminology, Pharmacology, Clinical Nutrition, Obstetric, Pediatric and Psychiatric Nursing, Medical/Surgical Nursing, and preparation for the NCLEX.

Our Campuses conduct courses in classrooms equipped with modern audio-visual teaching aids, anatomical charts and models.

Our Clinical Education (Internship) is an integral part of the Vocational Nurse Program that facilitates the development of student competence with clinical skills. Internship will be provided for all of our students.

Our Vocational Nurse Program is offered at San Mateo, Concord, Modesto, and Fresno Campuses:
