The A.O.S. in Ultrasound Technology Program includes academic, laboratory training, and a clinical component correlating with theoretical knowledge.

Students use Simtics online simulators to strengthen scanning protocols and pathology recognition skills.

Our Ultrasound Scan Laboratory is equipped with multiple ultrasound machines and an Ankle-Brachial Index (ABI) machine, allowing students to practice scanning one another.

All students will receive four (4) clinical rotations in various settings, including imaging centers and hospitals. The students have the opportunity to develop and strengthen their general and OB-GYN skills during externships.

We are Accredited & Approved!

- ✓ Institutionally accredited by the Accrediting Bureau of Health Education Schools.*
- ✓ Approved to operate by the California Bureau for Private Postsecondary Education.**
- ✓ Programmatically accredited by the Commission on Accreditation of Allied Health Education Programs upon the recommendation of the JRC-DMS.***

***ABHES Contact Information:**
6116 Executive Blvd., Suite 730, North Bethesda, MD 20852
(301) 291-7550 | info@abhес.org

**Approval to operate means the institution is compliant with the minimum standards contained in the California Private Postsecondary Education Act of 2009 (as amended) and Division 7.5 of Title 5 of the California Code of Regulations.
