Van Nuys Campus

15400 Sherman Way
Suite 201
Van Nuys, CA 91406
(747) 200-4567

The Associate of Science in Nursing (ADN & LVN to RN) Program provides academic lectures, laboratory training, and clinical rotations correlating with theoretical knowledge.

The Program curriculum provides students with the technical, clinical, and interpersonal skills necessary to succeed in this field. Subjects covered include General Education Courses, Maternal & Newborn, Pediatrics, Gerontology, Mental Health Nursing, and Comprehensive Medical-Surgical Nursing.

Campuses conduct courses in classrooms equipped with audiovisual teaching aids, anatomical charts, and models.

Our Simulation Learning Center (SLC) is designed to look like a hospital. **Each bay in the center represents a hospital unit** such as a labor & delivery suite, pediatric suite, and med-surg unit. This allows students to practice core concepts of the nursing process and **gain hands-on** experience treating various patients and conditions **before immersing themselves in the acute care setting** for their clinical hours.

We are Accredited & Approved

- Institutionally accredited by the Accrediting Bureau of Health Education Schools. *
- Approved to operate by the California Bureau for Private Postsecondary Education. **
- Approved by the California Board of Registered Nursing
