The A.S. in Radiologic Technology Program is a blended program delivering academic courses online and in-person. The program provides hands-on lab courses with clinical rotations.

Program curriculum provides students with the technical, clinical, and interpersonal skills necessary to succeed in this field.

Campuses conduct courses online and in classrooms equipped with audiovisual teaching aids, anatomical charts, and models, and fully operational radiography equipment.

Clinical Rotations are a crucial part of our program, facilitating the development of student competence with clinical skills and hands-on training in a professional imaging environment.

We are Accredited & Approved!

- ✓ Institutionally accredited by the Accrediting Bureau of Health Education Schools.*
- ✓ Approved to operate by the California Bureau for Private Postsecondary Education.**
- ✓ Programmatically approved by the California Department of Public Health, Radiologic Health Branch as a radiographer school.
- ✓ Programmatically accredited by the Joint Review Committee on Education in Radiologic Technology.

***ABHES Contact Information:**
6116 Executive Blvd., Suite 730, North Bethesda, MD 20852
(301) 291-7550 | info@abhes.org

**Approval to operate means the institution is compliant with the minimum standards contained in the California Private Postsecondary Education Act of 2009 (as amended) and Division 7.5 of Title 5 of the California Code of Regulations.
