### The A.S. in Vocational Nursing Program

enhances vital skills needed by LVNs, such as effective written and verbal communication, critical thinking skills, and knowledge expansion of applied science. Graduates of the program may have increased career advancement opportunities.

**Program curriculum** provides students with the technical, clinical, and interpersonal skills necessary to succeed in this field.

**Campuses** conduct courses in classrooms equipped with audiovisual teaching aids, anatomical charts, and models.

### We are Accredited & Approved!
