**GURNICK.EDU**

**The BSN Program** provides clinical experience during the nursing core semesters to immerse students in multiple nursing facets: medical-surgical, maternal and newborn, pediatric, mental health, leadership, and public health.

**Program curriculum** provides students with the technical, clinical, and interpersonal skills necessary to succeed in this field.

**Campuses** conduct courses in classrooms equipped with audiovisual teaching aids, anatomical charts, and models.

**Our Simulation Learning Center (SLC)** is designed to look like a hospital. Each bay in the center represents a unit in a hospital such as a labor & delivery suite, pediatric suite, and med-surg unit.

### We are Accredited & Approved!

- ✓ Institutionally accredited by the Accrediting Bureau of Health Education Schools.\*
- ✓ Approved to operate by the California Bureau for Private Postsecondary Education.\*\*
- ✓ Approved by the California Board of Registered Nursing.
