The Radiation Therapy Program is delivered via Distance Education with an on-ground clinical component.

The program curriculum provides students with the fundamental knowledge to integrate theory into practice and hone effective critical thinking skills required to demonstrate professional competency.

Students will complete 1,620 hours of hands-on clinical training in various hospital and outpatient radiation oncology clinical settings. Externships take place during the second and third years of the program.

We are Accredited & Approved!

- ✓ Institutionally accredited by the Accrediting Bureau of Health Education Schools.*
- ✓ Approved to operate by the California Bureau for Private Postsecondary Education.**

***ABHES Contact Information:**
6116 Executive Blvd., Suite 730, North Bethesda, MD 20852
(301) 291-7550 | info@abhes.org

**Approval to operate means the institution is compliant with the minimum standards contained in the California Private Postsecondary Education Act of 2009 (as amended) and Division 7.5 of Title 5 of the California Code of Regulations. Information about the Bureau for Private Postsecondary Education can be found at www.bppe.ca.gov.
