| | The U. S. Department of Education’s Central Processing System (CPS) processes FASFAs (Free Application for Student Financial Assistance) into Institutional Student Information Records (ISIRs) that are electronically sent to Gurnick Academy of Medical Arts. |
| | As part of the FASFA processing, the CPS runs an editing program on submitted FASFA information. Based upon this review, they select student records to be put into a process called “Verification”. Records are selected for a variety of informational inconsistencies determined by the editing process. |
| Verification of Title IV | Gurnick will perform Verification Procedures on every student selected by the CPS. The Financial Aid Advisor at each campus will review the ISIR record and inform student of the necessary information required from his/her to clear the Verification edit and provide him/her with any necessary in-house forms. |
| | No Federal Financial Assistance will be disbursed to students until Verification Procedures have been completed. Students are expected to provide requested Verification documents within 3 days of the request. Students unable to comply with this deadline will not be awarded aid until all required documents have been received. |

CONSUMER INFORMATION DISCLOSURES

| Professional Judgement | <p>The Financial Aid Office at Gurnick Academy of Medical Arts has the authority to exercise professional judgment, both before and after a student is awarded. Professional judgment may not be used to change the needs analysis formula (Cost of Attendance – Financial Resources = Need). The following are examples of items that may qualify for a professional judgment:</p> <ul style="list-style-type: none"> • Unusual medical or dental expenses not covered by insurance or accounted for in the need analysis formula under the Income Protection Allowance • Unemployment (income reduction) • Dependency status override due to unusual family relationships • Natural disasters that impact the family's income or assets • Death or divorce of a spouse • IRA contributions • Parent and student enrolled at the same time <p>To request that aid be reviewed due to these or similar circumstances, the student must write a letter explaining in detail the reason for the request and complete a form. Appropriate documentation will be required and will be suitable for the circumstance. For example, if a student is claiming to be Unemployed, he/she may be required to produce a current pay statement, w-2 and/or tax return. Students will be notified of what reasonable documentation they will need to produce after the written appeal has been reviewed.</p> <p>The student must be enrolled at the time the request for professional judgment is made. Requests must be received by the Financial Aid Office two weeks prior to the last day of classes. All decisions are made on a case-by-case basis after reviewing the student's individual circumstances. The student should be aware that while the institution attempts to make a final decision promptly, there may be instances where additional information is required which may delay the decision. The decision of the Financial Aid Office at Gurnick is final and cannot be appealed to the US Department of Education.</p> | | | |
| Title IV Credit Balance Authorization | Upon disbursement of Federal Title IV Financial Aid funds (i.e., Pell Grant, Supplemental Educational Opportunity Grant (SEOG), Direct Subsidized Loan, and/or Direct Unsubsidized Loan), Title IV funds are credited (paid) directly to your account and will be used first to | | | |

| | |
|--|--|
| | <p>pay your institutional charges such as tuition and fees in the academic year. Title IV funds may also be used for other educationally related charges and prior charges, not to exceed \$200 (if authorized).</p> <p>If the total amount of the Title IV funds disbursed to your account exceeds the tuition, fees and other authorized education-related charges assessed to your account in the academic year, your account will have a Title IV Credit Balance. The Title IV Credit Balance will be issued to you in a check within 14 calendar days from the date the Title IV Credit Balance was created on your account unless you authorize Gurnick Academy of Medical Arts to retain those funds on your account to cover future institutional charges, other educationally related charges and/or prior charges not to exceed \$200.</p> <p>In order to authorize Gurnick Academy of Medical Arts to retain Title IV Credit Balance funds on your account, you will need to review and check each applicable box below to indicate your understanding and authorization of each statement. Your signature at the bottom of this form confirms that you understand and are aware of the options available to you regarding any Title IV Credit Balance on your account.</p> <p>The authorization will remain in effect for your entire enrollment period, unless you notify Gurnick of your decision to rescind your authorization. You have the right to rescind this authorization at any time. Any such rescission would become effective as of the date you notify the Financial Aid office. It will be your responsibility to ensure that all of your institutional charges are paid as the charges become due. If you request receipt of a Title IV Credit Balance that results in unpaid institutional charges remaining on your account, it will be your responsibility to pay those charges to the school immediately.</p> |
