**The Vocational Nurse Program** provides academic instruction and laboratory training through the use of high-fidelity simulators. Clinical components correlate with theoretical instruction to develop essential reasoning and judgment skills.

**Program curriculum** provides students with the technical, clinical, and interpersonal skills necessary to succeed in the nursing field.

**Clinical rotations** provide invaluable, hands-on experience for the students. They will participate in clinical rotations at skilled nursing facilities and obstetric and pediatric locations.

**Students will be exposed to various environments**, such as outpatient clinics, hospices, psychiatric hospitals, schools, ambulatory surgery centers, and more.
